Joe –

My EPA HQ Congressional Office colleague, Raquel Snyder, shared your note to her with me. With regard to a point of contact at EPA for the Congresswoman and/or her staff to reach out to EPA to discuss the Gold King Mine release and wanted to let you know that you can use me as a point of contact. I can reach out to key senior managers to make them available for a call when needed. Please let me know how I can be of assistance.

Hi Raquel,

I am Ranking Member Napolitano's personal office staffer. Thanks for sending this information along to us through Mike Brain. I will send this to the Congresswoman. The Congresswoman would also possibly like to contact someone at EPA to discuss this further. Who do you recommend she contact if she wanted to talk to someone at EPA directly and what is the phone number? I don't know when/if she would call. She just said she wanted a contact and phone number.

Thanks,
Joe
